Vegetable Varieties for Containers

Vijai Pandian, Extension Horticulture Outreach Specialist

Growing plants in containers (referred to as container gardening) is an easy way to grow and maintain vegetables. Vegetables grown in containers can easily fit on a window sill, balcony, deck, door step or any other place where space is limited but where environmental conditions are suitable for vegetable production. See the table below for recommendations on varieties of popular vegetables that are well-suited for growing in containers.

Vegetable	Variety	Vegetable	Variety	
 Bean	'Derby'	Eggplant (Continued)	'Patio Baby'	
	'Eureka'		'Pinstripe'	
	 Okra	'Mascotte'	'Carmine Splendor'	
		'Porch Pick'	'Clemson Spineless'	
		'Tendercrop'	'Jambalaya'	
		'Topcrop'	'Caselode'	
 Pea	'Burpee's Golden'	'Peas-in-a-Pot'		
	'Chioggia'	'Sugar Ann'
