## There's still time to **RUN FOR IT!**

In April of 2021, Bayfield County will elect more than 50 decision-making officials.

**These are school board members, town supervisors and city council members.**

In Bayfield County, about 20% of local elected officials holding office are women, and 80% are men.

**Most candidates will run unopposed.**

To be placed on the ballot, most offices require action to be taken in December 2020.
