### First Session of Sewing Camp a success!

This past Saturday the first session of 4-H Sewing Camp took place. 8 youth participated in this session and many parents were present to help their kids along the way, and learn a thing or two themselves!

**Ivy Larson from the 4-H CANSKI Club and her mom finishing up Ivy's zipper bag.**

This year we went over all the basics of sewing- the parts of the machine, how to adjust settings & set up the machine, and tips & tricks to remember for smooth sewing.

**Sally Appelgren of the Pine Creek 4-H Club with her finished zipper bags**

Then we got to work sewing our lined zipper bags! Everyone was very patient, did a great job, and was able to go home with 1 or 2 finished bags! The next class will be held on Sunday March 5th. 22 are already signed up, but if you are interested we still have space for a few more.

### We Need Your Help! Searching for more 4-H Project Leaders

Did you know you do not need to be an expert in the subject matter to be a project leader? If you are a parent with 4-H members, becoming a 4-H project leader could be a great way for you to explore the projects your children are interested in along with a small group of their friends and peers.

We can provide training, curriculum, and guides to get you started. Please reach out to the 4-H office and we can provide more information!
